Committee Service:

As the Rocky Mountain Inventors' Association is a non-profit, volunteer-supported organization, we are always looking for help getting the routine work done and with occasional special projects. Won't you consider serving one or more of our committees? If so, please check any committees that you would be willing to serve below. This does not constitute joining the committee(s). We will simply share your name with those committees you check, and they will call you should they have a need.

Committees which I might be willing to serve if called:

- Member Services
- Website
- Newsletter
- Conference
- Science Fair
- Public Relations
